WHEN Home Secretary William Whitelaw banned two Sinn Fein leaders from visiting London in December at the invitation of the Marxist-controlled Greater London Council, the Tory press hailed him as a "courageous and decisive patriot".

While the decision to keep Gerry Adams and Danny Morrison out of mainland Britain was right, Whitelaw was the very last person in the world with the moral authority to make it.

HOB-NOBBED

When Whitelaw was Secretary of State for Northern Ireland in the Heath Government of 1972, he invited to London and hob-nobbed with the top leaders of the IRA.

The talks which Ken Livingstone's gang of GLC Reds proposed to hold would have been treasonable and provocative, but at least they were publicly announced and involved people who at least pose as being 'politicians'.

The talks which Whitelaw actually held in 1972 were convened in top secret and involved the "High Command" of the IRA. They were:

Sean MacStiofain, IRA 'Chief of Staff'; his deputy, **David O'Connell**; **Seamus Twomey**, 'Commander' of the 'Belfast Brigade'; his deputies **Gerry Adams** and **Ivor Bell**; and **Martin McGuinness**, 'Commander' of the 'Derry Brigade'.

Whitelaw allowed MacStiofain and one other of these murderers to carry firearms during the talks, in addition to providing the 'delegation' with a squad of Special Branch bodyguards.

The meeting was kept secret – at Whitelaw's insistence. It was held at the Cheyne Walk, Chelsea, home of Whitelaw's Deputy-Minister, Paul Channon, on Friday 7th July 1972.

This ignoble gathering constituted the first consultation between IRA murderers and a Minister of the Crown since 1921. MacStiofain later wrote of the meeting as follows:

"Whitelaw came straight over and offered me his hand. 'Oh Mr. MacStiofain – how do you do?' His manner was cordial, as if he were greeting business acquaintances. He offered us drinks . . ."

I.R.A. DEMANDS

The IRA made three demands at this meeting:

1) All-Ireland elections to decide the future of Northern Ireland.
2) Withdrawal of British troops from Northern Ireland by 1st January 1975.
3) An amnesty for all "political prisoners". (Whitelaw had already granted convicted IRA terrorists and interned terrorist suspects "political status"!)

Whitelaw indicated that only the first of these proposals presented "some difficulty", because of the Constitutional Guarantees granted to Ulster's Loyalist majority.

MacStiofain reminded him that Parliament could overturn an old law with a new law, and Whitelaw acknowledged that this was so.

Whitelaw agreed to present the IRA demands to the Cabinet and provide a response within a week.

What that response would have been, we can only speculate, as the truce which facilitated the talks broke down.

TORY TREASON

All we do know is that Whitelaw and his Tory chums are willing to discuss treasonable proposals with murderers.

The present Deputy-Minister at the Foreign Office, Douglas Hurd, held secret talks with Sinn Fein's Gerry Adams and Danny Morrison in West Belfast in January 1978.

IMMIGRATION: THATCHER BACKS SELL-OUT

BEFORE ELECTION:

DO YOU remember those TV interviews Mrs. Thatcher gave before the last General Election when (with her put-on deep voice and her expensive hair-do shaking with sincerity) she told us:

"I understand the feelings of those who fear that our country will be swamped by Immigration."

Did you vote Conservative because you believed her? You did? Well, you're a proper Charlie (or Charlotte), aren't you!

Are you going to allow yourself to be conned by her *again* at the next election?

BRITAIN has a Conservative Government today because before the 1979 General Election Margaret Thatcher and the Election Manifesto of the Tory Party promised legislation to restrict Coloured Immigration.

The National Front warned the electorate that these Tory promises were bogus — just as bogus as the anti-Immigration promises made by the former Tory leader Edward Heath before the 1970 General Election.

Heath opened the floodgates to an additional 100,000 Ugandan Asians in 1972.

But peoples' memories are short and their desperation over Immigration was (as it still is) acute, and so they swallowed another batch of Tory lies simply because they came from the lips of Margaret Thatcher and not Edward Heath.

Within a month of being elected Thatcher allowed 12,000 Vietnamese 'Boat People' to swarm in. Since then her government has done nothing to curb Immigration.

She added insult to injury with her government's recent British Nationality legislation.

Instead of basing nationality on the obvious and fair basis of race, the new law has simply provided a new formula to 'legitimise' the occupation of our country by millions of coloured alien "Citizens".

As if this were not enough, her deputy, Home Secretary William Whitelaw, attempted to push through Parliament last December a measure intended to allow female alien "Citizens" to import their "husbands" and "fiances"!

The Government said that this would only add a further 3,000 to annual Immigration totals — but on the basis of the proven falsity of previous official figures, this number must be doubled.

The Government said the present rules discriminate against women.

We agree — male aliens should not be allowed to import their "wives" and "fiancees" either!

The Government said that "husbands" and "wives" should be united.

We agree — let them unite in their own countries! (The NF would play cupid in that regard!)

We do not believe that Immigrants' arranged marriages and marriage-by-proxy habits should dictate the Government's Immigration policies as they are notoriously open to fraud.

Thanks to a revolt of a tiny minority of backbench Tory MP's Whitelaw's measure was defeated by just 18 votes.

If there are any Norman Tebbit fans in existence, they should note that he bellowed "You fools! You fools!" at the Tory rebels as he walked behind Thatcher and Whitelaw into the 'Aye' chamber.

The day after the defeat of Whitelaw's measure Thatcher issued a declaration of "total support" for Whitelaw.

She indicated that he would be bringing fresh proposals before the House by 17th January.

The Labour Party and the Liberal/SDP 'Alliance' have an even more overtly revolting and treasonable attitude to Coloured Immigration and race-mixing than the Tory party.

But it must be remembered that past Tory governments were able to bring in more Immigrants than past Labour governments for the simple reason that the Tories have always been able to trick people into believing that they are "anti-Immigration".

JIM SNEATH FOR BERMONDSEY

JIM SNEATH, Organiser of the Southwark Branch of the National Front, has been adopted as the National Front candidate in the imminent Parliamentary by-election for Bermondsey.

He is very well known to many people in Bermondsey, not only because he has contested for the constituency in past Parliamentary and GLC elections, but because he was born and raised in the area.

In fact Jim was born only a couple of hundred yards away from the main entrance to Surrey Docks where his father and grandfather worked before him.

Jim has lived and worked in and around Bermondsey all his life. He knows the area, he knows its people — he is one of them!

In Bermondsey the Tory and Liberal/SDP 'Alliance' parties are irrelevant and the Labour Party is a discredited fiasco. Jim Sneath's common-sense patriotism will make a real impact.

NATIONALISTS! WHO HAS BEEN PUTTING UP THE FIGHT?

IT SEEMS that 1983 will be a General Election year. Now is a good time for those people who consider themselves to be Nationalists, but who dropped out of the National Front, to take stock of their situation.

They must by now realise that the predictions of three years ago that "the NF is finished!" were quite wrong. The plain fact is that the NF is still the only British Nationalist movement with the organisation, the funds and the established name capable of making any impact in the General Election.

Nationalists who wonder whether the NF deserves their support should ask themselves this:

Which is the **only** organisation that has maintained a Nationalist presence on the streets nationwide; regularly contested in by-elections; won the legal battle to secure meeting hall rights for Nationalist candidates; and stood up without flinching to Race Act prosecutions and other malicious Court actions?

In short, which is the **only** Nationalist organisation to have taken the fight into the enemy camp during the past three years and thereby made an **impact**?

The answer is: **the National Front.**

The NF is still the only Nationalist movement capable of deploying effectively the support of Nationalists. It clearly deserves the support of all those who realise that the time has come when they must resume the fight for their race and nation.

NF News seeks to persuade its readers to feel angry about the evils of multi-racialism and to direct their anger solely at the corrupt politicians who created a racial problem in Britain, and not to the Immigrant people in general. "Racialism" is NOT unlawful – only "racial hatred".

STOP SPECULATORS' SABOTAGE OF BRITISH INDUSTRY

NICK GRIFFIN contributes the second article in our NF Manifesto series.

THE PATH to the next Election is littered with broken Tory promises on Asian fiances, Vietnamese Boat People and West Indian muggers. It is therefore essential that the National Front should make Immigration the primary issue in its campaign.

But it must not be the ONLY issue.

We have started to evolve a series of radical policies on economic and social matters. These are essential to the creation of a strong and united Party seriously able to contend for power. We must therefore use this election to put these ideas across, both to our members and the general public.

In view of the catastrophic collapse of the British economy in the last 5 years, one of the most important parts of our Manifesto must be our *Policy for Industry*.

Much space has recently been devoted to this question, particularly the NF's long-term plans for three major tiers of industrial organisation – small businesses, producers co-ops and nationalised concerns.

But the re-organisation of British industry will take many years – the NF's first task will be to make sure that Britain **has** some industry to re-organise!

But every day we hear of another British factory which has been forced to close down because its antiquated machinery cannot compete with our competitors. Investment in our home industry is the lowest for 17 years. Yet those same competitors have probably been set-up and equipped with British money!

The capitalists 'justify' this by claiming that it is profitable. Indeed it is – the exploited coolies of Ceylon, for example, work 16 hours a day, six days a week, for around **£15 a month!**

However, these profits come in the form of cheap manufactured goods such as clothes and electrical appliances, which is why the City sharks and their Conservative puppets are so opposed to import controls and the NF policy of protecting British jobs from cheap imports.

In view of this scandalous situation and the record unemployment it has encouraged, the National Front Manifesto must include the following demands:

THE EXPORT OF CAPITAL MUST CEASE IMMEDIATELY. This wealth has been produced in Britain by the efforts of our people; it must be used for their benefit.

THE MONEY MUST BE INVESTED IN OUR HOME INDUSTRIES. This is the only way British industry will be able to take advantage of strict import controls.

BRITISH WITHDRAWAL FROM ALL INTERNATIONAL AGREEMENTS WHICH FORBID SUCH ACTIONS. The Common Market and the General Agreement on Tariffs and Trade restrict Britain's freedom in this field. We must restore to Parliament the power to act.

N.F. WINS ELECTION FREE SPEECH VICTORY

A GREAT victory for free speech was won by the National Front last October when a High Court Judge ruled that Councils cannot refuse to hire municipal halls to nominated Parliamentary candidates for their election meetings.

The judgement was delivered by Mr. Justice Forbes on Friday 12th November at the conclusion of an action taken against Southwark Borough Council by Martin Webster, the NF candidate in last October's Peckham by-election.

PETER HAIN's High Court libel action against Martin Webster ended in fiasco on Friday 19th November when the Jury at the trial 'found' for Hain – but only awarded him derisory damages of £5.

The Jury took seven hours to arrive at their 10/2 majority verdict.

Their decision indicated that Hain's reputation "in the minds of right-thinking people" was such that any damage done to it by what Mr. Webster had published could be fully repaired by a fiver!

At the trial Counsel for Hain – Mr. Turner-Samuels, QC – said that Mr. Webster had published four "serious" libels in his pamphlet *Lifting the Lid Off the Anti Nazi League*.

Later – after Mr. Webster had conducted his own defence on the basis of "justification" – Mr. Turner-Samuels said that Mr. Webster had "aggravated" the libels.

N.F. WINS ELECTION FREE SPEECH VICTORY

A GREAT victory for free speech was won by the National Front last October when a High Court Judge ruled that Councils cannot refuse to hire municipal halls to nominated Parliamentary candidates for their election meetings.

The judgement was delivered by Mr. Justice Forbes on Friday 12th November at the conclusion of an action taken against Southwark Borough Council by Martin Webster, the NF candidate in last October's Peckham by-election.

For several years past Labour-controlled local councils have been flouting election law by refusing to hire halls to racial-nationalist candidates, claiming either that the proposed meetings would not be open to the public or that disorders and damage would result.

Several previous attempts by the NF (under its old leadership) to get Court Orders before Polling Day had failed and the actions were abandoned.

Denials of candidates' rights are not breaches of Criminal law. To get redress, candidates have to resort to potentially very expensive Civil actions. It was because of this factor that Councils felt safe in perpetrating their unlawful tyranny.

When Mr. Webster was refused any hall by Southwark Council on 20th October he went directly to the High Court and, acting in person, issued a Writ and arranged a hearing for the following day.

Acting on instructions, the first barrister employed by Southwark Council gave the impression to the Court that the Warwick Hall, Camberwell, would be made available to Mr. Webster.

In view of this, the Judge only issued a "Declaratory" Order – which explained Mr. Webster's legal right to a hall – rather than a "Mandatory" Order injuncting the Council to provide him with one.

WARWICK HALL

To the cheers of the crowd, High Court Tipstaff George Baber cuts his way into Warwick Hall.

On Friday 22nd October Mr. Webster was informed that the Council intended to disregard the Judge's Order. So he arranged for a Solicitor friend, Mrs. Tessa Verrall, to call at the Judge's home on Saturday 23rd October – the day of the proposed meeting.

At this emergency hearing the Judge issued an ancient and rarely used Writ of Sequestration. At 6.30 p.m. that evening the High Court Tipstaff cut the chains which secured the Warwick Hall's doors and gave Mr. Webster possession.

As 130 people (NF and public) cheered their way into the hall (they had waited all afternoon!) Council members and officials stood back gibbering with impotent rage.

At the final hearing of the case on 12th November the Judge was unable to hold Councillors in Contempt as he had been misled into granting only a "Declaratory" Order.

However, he upheld the Writ for Sequestration and ordered Southwark Council to pay the bulk of the costs.

He delcared that the Council had perpetrated "a deliberate fraud" and had "forfeited all rights to be regarded as a responsible authority."

HAIN'S £5 LIBEL 'WIN'–MARTIN WEBSTER *NOT* "ORDERED TO PAY £20,000 COSTS"

PETER HAIN's High Court libel action against Martin Webster ended in fiasco on Friday 19th November when the Jury at the trial 'found' for Hain – but only awarded him derisory damages of £5.

Later – after Mr. Webster had conducted his own defence on the basis of "justification" – Mr. Turner-Samuels said that Mr. Webster had "aggravated" the libels.

Throughout the trial Mr. Turner-Samuels called for his client to be awarded "moderate" damages – a word which is taken to indicate that a four-figure sum of damages was expected.

HAIN *WEBSTER*

After the trial Hain told the Press he was "delighted". Looks it, doesn't he!

(After the £5 award had been granted Hain untruthfully told the Press that he had only applied for "modest" damages!)

Hain's sinister friends in high places were able to mitigate their boy's embarrassment by co-ordinating the mass media to falsely report that *"the Court ordered Mr. Webster to pay Mr. Hain's costs, estimated at £20,000."*

No such Order was given.

The Judge declared that he would notify the High Court Taxing Master to reduce or scale down any costs application against Mr. Webster in view of the "very low" damages award and the "very long time" Hain took to bring the action to trial.

It may be that Hain (or, more likely, his shadowy mentors) has run up a £20,000 bill with his tribe of lawyers – but that is something he/his backers will have to settle with them.

It is also noteworthy that after the Judgement, Counsel for Hain only applied for Mr. Webster to be Injuncted in respect of **one** of the four statements complained of.

Even the terms of that Injunction were amended in two places by the Judge before he approved it so as to make it "less onerous" on Mr. Webster.

HACKNEY COUNCIL'S RATES ACTION FLOPS

HACKNEY Borough Council has failed in its bid to make the National Front liable for a Rates bill of more than £10,000 which accumulated in respect of Excalibur House, EC2, from 1978 to 1980.

The Council sued the NF's former Administration Officer, Richard Verrall, as representative of the NF. Judgement and a Distress Warrant was issued against him in June 1981. An appeal to the High Court was dismissed in June 1982.

Mr. Verrall appealed to the Court of Appeal in October 1982 and a unanimous verdict in his favour was given on 18th November. The Judgement determined:

1) That as the NF is an "unincorporated association" it cannot "occupy" premises and cannot, therefore, be liable for Rates.

2) That an individual member of an unincorporated association cannot be sued for its debts.

Originally the Council obtained judgement in respect of the debt against Michael Stubbs – an associate of Paul Kavanagh, Chairman of NF Properties Ltd, which owned the building – but they quietly let that drop in favour of a new action against Mr. Verrall.

When Hackney Council's barrister was advised that the claim could be registered with the Official Receiver against the liquidated assets of NF Properties Ltd, he said:

"No! We want the money from the National Front!"

Now all the Council will get is a massive legal bill!

Whitelaw Case

ALL five NF defendants in the 'Whitelaw Meeting' case were found 'Guilty' of "Threatening Words and Behaviour" and "Disorderly Conduct" charges at Horseferry Road Magistrates Court in October.

Martin Webster was given a one month suspended jail sentence and costs of £500; Gina Hayes was conditionally discharged; Keith Handy and David Shrubb were each fined £300 + £200 costs; and Terry Rowe was jailed for three months.

Webster and Rowe are to appeal.

The charges arose from heckling at a Young Conservative public meeting last February at which Home Secretary William Whitelaw was speaker.

Brent Case

BRENT Borough Council have intimated that they intend to instigate bankruptcy proceedings against Martin Webster and fellow NF Directorate member Graham John for non-payment of High Court costs of High Court proceedings which concluded in December 1981.

The Council obtained a temporary Injunction restraining the two men from holding an open-air meeting in Brent to protest against the Council's anti-White, anti-Gentile policies.

A solicitor has been instructed to instigate an application to the High Court for leave to be granted for the £1,200 debt to be paid by instalments.

Birmingham Case

AS this issue went to press on 17th December Martin Webster was due to appear before Birmingham Magistrates Court to answer a charge that he organised an anti-IRA march in Birmingham on 30th January 1982 contrary to the provisions of the West Midlands County Council Act.

Mr. Webster will be defending himself as he was not granted Legal Aid.

He will claim that Police tried to obstruct NF members from getting to their march assembly point, and that the march which did take place was, in fact, organised by the Police themselves!

WOLVERHAMPTON –CITY OF FEAR

WOLVERHAMPTON has become one of the most shocking battlegrounds in Britain's escalating race war. Armed gangs of youths brawl on the streets almost nightly. White old folk live in terror of attacks.

In one gang battle on 4th September 18-year-old Ian Edwards was stabbed to death.

83-year-old crippled widow Mrs. Florence Dowding was beaten up and robbed in her home.

Bertrand Brown, a 67-year-old pensioner, was attacked in his home by Blacks wearing balaclava masks.

When he opened his front door he was threatened with two 10 inch daggers, then repeatedly battered with a hammer. Only the ferocious loyalty of his terrier dog Smokey saved him from a worse beating and perhaps death.

As a result of the growing racial tension in Wolverhampton, Dr. David Young of Wolverhampton Polytechnic announced a project to investigate the motives behind outbreaks of racial violence in the town.

NO INTEREST

Neither the Police nor the West Midlands County Council have shown much interest in the project.

Multi-racialist Chief Constable Sir Philip Knights said: "We would like to talk to Dr. Young about the practicalities of the project – and we may need to consult the Home Office."

Councillor Ron Wootton has urged the local police authority to refuse a grant for the project.

Could this reticence be due to the fact that when announcing the project Dr. Young said it would initially concentrate on attacks *by* Blacks *on* Whites?

"LOW PROFILE"

Meanwhile, on the streets, the Police continue to adopt their notorious "low profile" approach. Sir Philip Knights said: "We are aware of the build-up and are keeping a close eye on it and taking action where necessary."

After the fatal stabbing of Ian Edwards, Wolverhampton Magistrate Captain John Haydon said that he was worried that the Police "tolerated or even condoned" the existence of the gangs.

Shopkeepers in the Mander Centre, Wolverhampton's main shopping precinct, have given up hoping that the Police will prevent outbreaks of looting and violence.

In desperation they have secured the services of a private security firm who provide guard patrols throughout the precinct.

Councillor Carpenter said: "More people will flock to the Mander Centre if they know there are guards patrolling the area."

In other words, in Wolverhampton people can feel safe in these specially patrolled zones. Elsewhere – even in their own homes – they live in fear and danger.

Neither the Police nor the Council can be expected to look after even our old folk as they are too busy trying to ingratiate themselves with the "minority ethnic communities" with "Community Relations" projects!

The Wolverhampton Rastafarian Progressive Association has recently received a £93,000 hand-out for a 'Community Centre'.

Councillor Bradley, who questioned the need for such a grant, was immediately branded "a racist" by local 'Community Leaders'.

TEMPLE HAND-OUT

Not to be outdone, the Shri Krishnan Mandir Hindu Temple, having already received £30,000 from Wolverhampton Council, has now demanded a further £70,000 so that its Temple can be completed.

Temple president, Darshan Lal Chadha, said: "It is a big project and will help all the community."

Always looking for new ways to win more "minority ethnic" votes, Councillor Fenby, Chairman of the Council's Race Relations Committee, has recently complained about a photograph of a Wolverhampton school class published in issue 43 of *NF News,* in which a substantial majority of the children were Black or Asian.

Apparently he regards publication of evidence of the extent to which Immigrant offspring predominate in local schools as "despicable, sickening and disgusting."

That is just what we think of racial renegades who clearly put the interests of alien invaders before those of their own folk!

MORE BLACKS RECRUITED AS WHITE CADETS ARE BRAINWASHED

LORD Scarman gleefully announced to the Association of Jewish Ex-Servicemen (AJEX) on 24th October that there were now five times as many Blacks applying to join the Police as there were before 1981.

But he went on to warn that this was still not good enough and that more “positive action” programmes in education, job training and funding were needed.

While the number of Black applications to join the Police may be increasing, the quality of such applicants would normally eliminate many of them.

Unfortunately for Lord Scarman, it appears that racism will continue to be endemic in the Police until an all-Black force can be achieved.

At the Police training college at Hendon a recent study by Mr. John Fernandes of Kilburn Polytechnic revealed “extreme racial prejudice” amongst White recruits.

As a result of this study and continuing pressure from organisations such as AJEX, the whole training syllabus is now being reviewed.

Commander Richard Wells, head of the Hendon Police College stated: “There is a strong commitment

Cannibal rape horror!

A DESTITUTE woman suffered a horrendous ordeal when she accepted a lift from two Black men while she was walking along Commercial Street, East London, on 8th November.

After racing through the streets of Spitalfields the car pulled up outside a derelict house. The woman was dragged inside and subjected to a cannibalistic sex attack.

The savages bit lumps of flesh from her face, thighs and from the private parts of her body. Both men then ran off leaving her lying in agony with blood streaming from her wounds.

She was able to crawl to a refuge in Commercial Street where she was found by warden Graham Marshall.

Horrified detectives said the injuries were so severe they could not be sure whether or not she had been raped. One bite close to her mouth left teeth marks and had removed a large chunk of flesh.

The woman is now undergoing skin grafts at a special unit at Billericay Hospital.

The Home Office is unlikely to categorise this incident as a “Racial Attack” for want of evidence that the cannibals sought out a person of a particular race to eat.

THE WORK OF AN ANIMAL?

RICH MEN’S SONS LAUGH AT THE LAW

IF A gang of drunken Skinheads rioted in their local fish and chip shop, terrorising customers and causing £600 worth of damage, they would be fined hundreds of pounds each – if they were lucky enough to escape a custodial sentence.

But Oxford undergraduate sons of wealthy men can, it seems, behave in a similar way and get no more than a trivial fine or a wigging from Magistrates.

Members of the Oxford University “Assassins” dining club (‘officers’: “The Bastard”, “The Bludgeon” and “The Baron”; membership open only to ex-public school men from wealthy families) rioted at a posh restaurant.

After swilling port and champagne concoctions they terrorised customers, ripped down curtains, vomitted against walls, hurled crockery and bottles about and tried to set light to tablecloths. Damage was in excess of £600.

Last October several “Assassins” appeared before the Chairman of the local Magistrates’ Bench – Mrs. Dorothy Mann, a member of the wealthy brewing family.

She told them that the case had “not been proved beyond all reasonable doubt.”

After giving them a ticking off she merely bound them over to be of good behaviour for two years.

At an earlier hearing James Sainsbury, “The Bastard” son of millionaire Tory MP Timothy Sainsbury, was fined only £25 for his part in the riot.

As he emerged from Court smiling he said: “I thought it was a fair case and a fair judgement.”

James’ father donated a “six figure sum” to Worcester College for new student accommodation shortly before he was enrolled.

The day after James was let off with a £25 fine, two teenage NF lads – a telephone engineer and a storeman – were in Court after having shouted rude remarks at Mr. William Whitelaw at a public meeting.

They caused no damage and it was their first ‘offence’.

They were fined £300 EACH!

LORD Scarman gleefully announced to the Association of Jewish Ex-Servicemen (AJEX) on 24th October that there were now five times as many Blacks applying to join the Police as there were before 1981.

But he went on to warn that this was still not good enough and that more "positive action" programmes in education, job training and funding were needed.

While the number of Black applications to join the Police may be increasing, the quality of such applicants would normally eliminate many of them.

In London there were 532 applications from Blacks yet only 46 of these were deemed to be acceptable.

Sir Philip Knights, West Midlands Chief Constable, confirmed the fact of low standards on the part of most Black applicants, but announced that he hoped to set up special education courses to help sub-standard applicants achieve the necessary academic qualifications.

He already allows his Sikh policemen to wear turbans instead of the usual helmet.

Unfortunately for Lord Scarman, it appears that racism will continue to be endemic in the Police until an all-Black force can be achieved.

At the Police training college at Hendon a recent study by Mr. John Fernandes of Kilburn Polytechnic revealed "extreme racial prejudice" amongst White recruits.

As a result of this study and continuing pressure from organisations such as AJEX, the whole training syllabus is now being reviewed.

Commander Richard Wells, head of the Hendon Police College stated: "There is a strong commitment at Hendon to the better understanding of racism within the community and the cadets' education reflects that. A quarter of vocational studies are multicultural studies."

DIFFERENT TREATMENT

Underlining the way in which Police cadets are now taught to "go softly" on the Blacks, John Newman – Metropolitan Branch Chairman of the Police Federation – admitted: *"We treat ethnic minority communities in a different manner than we do the White population of London. To arrest people in areas of high ethnic minority groupings leads to trouble, so we don't and the crime figures soar."*

Despite – perhaps because of – this sloppy attitude, the number of serious offences during the third quarter of last year rose by 7 per cent to a record 794,000.

No matter how many Blacks are recruited to the Police; no matter how many "multicultural" courses are provided for Police cadets – crime will continue to soar just so long as Britain remains a multi-racial society.

THE WORK OF AN ANIMAL?

87-YEAR-old Emily Wray from Stepney, East London, sustained these horrific injuries as she desperately tried to cling onto her shopping bag.

In broad daylight her 15-year-old attacker "of Greek appearance" dragged her along the ground as he wrested the bag away from her.

Emily was admitted to the London Hospital with a broken arm and horrifying bruises. Her right eye was completely closed and she needed stitches down the whole right side of her face.

Emily will never fully recover from this attack. To call her attacker "an animal" is to insult the animal kingdom.

MORE ZIONIST VIOLENCE

ZIONIST thugs reacted with tear gas and rice flails when the Labour Party dared to hold on 27th October a meeting in Stamford Hill to discuss the Israeli invasion of Palestine.

Outside the meeting leaflets were distributed by members of Herut, an extreme Zionist political faction. They also held banners proclaiming "No Jewish blood will be spilled in vain."

The meeting was disrupted by the throwing of chairs at members of the audience and one of the speakers – Tony Greenstein from the Labour Committee on Palestine – was dragged outside.

He and a group of stewards were attacked with metal chains and rice flails. Tear gas canisters were exploded.

Zionist Jews are no strangers to the use of violence and it is ironic that they should now be using it against one of their own race. It seems that anybody who is anti-Zionist – even if they are Jewish – is an "anti-Semite"!

National Front ACTION Nationwide

● **ISLINGTON, North London, Saturday 11th December:** 70 NF members from inner London branches staged a picket outside Caxton House, Holloway, where the pro-IRA 'Troops Out Movement' was staging an all-day conference on the theme: "Bringing the War to Britain." NF members paraded with Union Jack flags and placards reading: "Hang IRA Murderers!" Principal speaker at the conference was Republican harridan Mrs. Bernadette McAliskey (Devlin). The conference was not only grossly provocative in view of the recent IRA/INLA bombings in London and Ballykelly, but also because one item involved was the showing of a film which depicted the obscene cannibalistic Mau Mau conspiracy as a "liberation movement"! There were scuffles outside the hall as a group of clenched-fist saluting 'Red Action' thugs tried to enter the hall. Several of them were felled, and two of them were arrested in addition to four NF members. A planned Sinn Fein meeting at Islington Town Hall set for Tuesday 14th December was cancelled following the announcement of an NF counter-mobilisation. Town Hall insurers demanded a £3 million insurance bond!

● **MOSTON, Manchester, Sunday 21st November:** 50 Manchester and Lancs members staged an anti-IRA demonstration outside Moston Cemetery where the IRA 'political' wing, Sinn Fein, planned to stage a demonstration to commemorate a gang of 19th century Fenian terrorists who were executed for the murder of a Policeman and who are buried there. As a result of the NF mobilisation the Sinn Fein crowd was directed to another part of the city.

● **FLEETWOOD, Lancashire, Saturday 9th October:** Torrential rain did nothing to dampen the spirits of more than 100 NF members who paraded through this once prosperous fishing town to protest against the impact of the Common Market on Britain's fishing industry. Members of the public came out of shops to applaud the NF demo and many of them joined the parade. Shoppers hooted a pathetic counter-demonstration of about 20 Reds claiming to represent the local Trades Council. The crowd stayed to listen to NF speakers at an open-air rally at which demands were made to withdraw Britain from the Common Market and to secure a 200 mile fishing limit around Britain's coastline.

REMEMBRANCE DAY TRADITION MAINTAINED

A THOUSAND National Front members and supporters took part in the party's annual parade to The Cenotaph to honour Britain's war dead on 14th November 1982.

The well ordered parade was led by a large flag party and by the NF North West Drum Corps from Victoria to The Cenotaph.

Mr. George Wilson, BEM, of Islington, and Mr. Tom Mundy of Slough led the ex-Servicemen's section which included veterans of the two World Wars, Korea, Northern Ireland and the Falklands.

After the two minutes silence the wreaths honouring Britain's war dead and the war dead of Australia, New Zealand, Canada, Rhodesia and South Africa were laid by Mr. Mundy and Mr. Wilson.

The large crowd of onlookers in Whitehall was visibly impressed by the dignity of the occasion and several were heard to comment on the image that the National Front presented at this solemn event. This dignity was maintained despite the appalling weather.

After the service the parade reformed and marched away from The Cenotaph across Westminster Bridge to a rally site. The rally was chaired by Martin Webster, NF National Activities Organiser, who introduced Jim Sneath who will be the National Front's candidate at the forthcoming Bermondsey Parliamentary By-Election.

Other speakers were Joe Pearce, YNF Organiser, Ian Anderson, NF Deputy Chairman and Andrew Brons, NF Chairman. At the conclusion of the rally a collection of £350 was taken.

The maintenance of this traditional parade by National Front members and supporters was in marked contrast to the failure by any other so-called nationalist organisation to demonstrate respect for our war dead. Instead they were reduced to sniping at our parade.

A Hove based 'Nationalist' splinter group which failed to hold a Remembrance Day event of its own, sulkily claimed that only "200" people attended the NF parade.

400 CONTRIBUTE £2,400 AT N.F.A.G.M.

FOUR hundred National Front members attended the NF Annual General Meeting in central London on 30th October 1982.

After hearing reports from Tom Acton, the Party Auditor and Andrew Brons, NF Chairman, on the work of the party during the year, members got onto the main business of the debates.

Two constitutional changes were agreed, one to decide the order of precedence if just six candidates are nominated for Directorate elections, one to ensure regular attendance at Directorate meetings.

Among the policy debates were resolutions to establish a blacklist of people who actively aid the oppression of the NF; a resolution denouncing the Home Office report on racial attacks; a condemnation of the Beirut massacre; and a resolution calling for the revival of national culture.

The appeal for funds raised £2388. The Fund Raiser, Martin Webster, announced that this was remarkable as during the previous three weeks £993 had been raised in support of the party's two by-election candidates.

The meeting concluded with a rousing speech by Andrew Brons.

The motion Mr. Brons proposed was "This house believes that the 1976 Race Relations Act is an unnecessary infringement on individual liberty." As expected, the audience of students voted down the motion, but the debate was conducted in a civilised and good-humoured atmosphere. The picture shows Ian Anderson, the Northfield candidate, with NF Chairman Andrew Brons, leading a "British Jobs for British Workers" election march past the Longbridge car plant on the way to an election rally.

Peckham candidate Martin Webster devoted much of his campaign to a successful High Court battle against Southwark Council to secure a meeting hall. His adoption meeting on 8th October was attended by only 80 people due to a rainstorm – but they donated £750 to his election fund.

Both candidates maintained the NF vote in their constituencies – 1 per cent in Northfield, 4 per cent in Peckham.

Mr. Teanby had been an active NF member for 13 years and had several times stood as an NF local election candidate. Mr. Teanby was a devoted patriot who will be greatly missed by his comrades in Southwark and throughout South London.

Charged with him was Michael Burroughs, his sales assistant. Both men are members of the Newham Branch of the NF. Court proceedings were commenced at Thames Magistrates Court on Friday 3rd December, but the matter was adjourned until 26th January. Both men intend to plead Not Guilty and it is expected that the case will be tried at Crown Court later in 1983.

Both candidates maintained the NF vote in their constituencies – 1 per cent in Northfield, 4 per cent in Peckham.

CONGRATULATIONS JOE AND GINA!

YOUNG National Front Organiser, Joe Pearce, was married to Gina Barnes-Hayes at St. Ethelberga's Church, Barking on Saturday 16th October.

Scores of National Front members attended the wedding service along with Bert and Margaret Pearce – Joe's parents – and Gina's foster parents. After the service the company toasted the health of the bride and groom at a fabulous wedding reception.

Joe first met Gina at the National Front rally held after the march in support of Nick Griffin, the NF candidate at the Croydon North West by-election in October 1981. Gina actively supported Joe in his political struggle when he was jailed in January 1982 for offences against the Race Relations Act.

Joe and Gina have now set up home in a house in Barking which they were lucky enough to secure a few days after the wedding. We wish the happy couple all the best for the future.
